

# Participant Study Questionnaire

REST API Study for MSc

Participant ID: \_\_\_\_\_

Date: \_\_\_\_ / \_\_\_\_ / \_\_\_\_

## Section A: Participant Background

1. Which front-end technologies have you used before?

---

---

2. Which API-related concepts have you worked with before?

---

---

3. How much experience do you have developing front-end interfaces?

| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = None / very low; 5 = Extensive / very high

4. How often do you develop front-end interfaces that fetch or display data from an API?

| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Never / very rarely; 5 = Very often

5. How much experience do you have working specifically with REST APIs?

| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = None / very low; 5 = Extensive / very high

## Section B: Task 1 Experience

Complete this section immediately after finishing Task 1.

1. Overall, how stressful did you find the development task?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Not stressful; 5 = Very stressful

2. How difficult was it to understand the API responses?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Very easy; 5 = Very difficult

3. How difficult was it to decide what information from the API should be shown in the interface?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Very easy; 5 = Very difficult

4. Overall, how difficult or easy was Task 1 to complete? (Single Ease Question - SEQ)

|            |                          |                          |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        | 6                        | 7                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Very difficult; 7 = Very easy

5. How confident are you that your final implementation is aligned with the given requirements?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Not confident / strongly disagree; 5 = Very confident / strongly agree

## Task 1 Workload - Raw NASA-TLX

Enter a score from 0 to 100 for each workload dimension using the anchors shown.

| Dimension       | Question                                                                | Scale anchors                   | Score |
|-----------------|-------------------------------------------------------------------------|---------------------------------|-------|
| Mental Demand   | How mentally demanding was the task?                                    | 0 = Very low<br>100 = Very high | _____ |
| Physical Demand | How physically demanding was the task?                                  | 0 = Very low<br>100 = Very high | _____ |
| Temporal Demand | How hurried or rushed was the pace of the task?                         | 0 = Very low<br>100 = Very high | _____ |
| Performance     | How successful were you in accomplishing what you were asked to do?     | 0 = Perfect<br>100 = Failure    | _____ |
| Effort          | How hard did you have to work to accomplish your level of performance?  | 0 = Very low<br>100 = Very high | _____ |
| Frustration     | How insecure, discouraged, irritated, stressed or annoyed did you feel? | 0 = Very low<br>100 = Very high | _____ |

## Section C: Task 2 Experience

Complete this section immediately after finishing Task 2.

1. Overall, how stressful did you find the development task?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Not stressful; 5 = Very stressful

2. How difficult was it to understand the API responses?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Very easy; 5 = Very difficult

3. How difficult was it to decide what information from the API should be shown in the interface?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Very easy; 5 = Very difficult

4. Overall, how difficult or easy was Task 2 to complete? (Single Ease Question - SEQ)

|            |                          |                          |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        | 6                        | 7                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Very difficult; 7 = Very easy

5. How confident are you that your final implementation is aligned with the given requirements?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Not confident / strongly disagree; 5 = Very confident / strongly agree

### Task 2 Workload - Raw NASA-TLX

Enter a score from 0 to 100 for each workload dimension using the anchors shown.

| Dimension       | Question                                                                | Scale anchors                   | Score |
|-----------------|-------------------------------------------------------------------------|---------------------------------|-------|
| Mental Demand   | How mentally demanding was the task?                                    | 0 = Very low<br>100 = Very high | _____ |
| Physical Demand | How physically demanding was the task?                                  | 0 = Very low<br>100 = Very high | _____ |
| Temporal Demand | How hurried or rushed was the pace of the task?                         | 0 = Very low<br>100 = Very high | _____ |
| Performance     | How successful were you in accomplishing what you were asked to do?     | 0 = Perfect<br>100 = Failure    | _____ |
| Effort          | How hard did you have to work to accomplish your level of performance?  | 0 = Very low<br>100 = Very high | _____ |
| Frustration     | How insecure, discouraged, irritated, stressed or annoyed did you feel? | 0 = Very low<br>100 = Very high | _____ |

Task 2 Accessibility-Specific Questions

1. Did the addition of accessibility information in the API response change the way you went about implementing the given requirements?

|                          |                          |
|--------------------------|--------------------------|
| Yes                      | No                       |
| <input type="checkbox"/> | <input type="checkbox"/> |

If yes, please explain:

2. Beyond the direct accessibility nudges, did the presence of accessibility information make you more conscious of accessibility throughout the implementation?

|                          |                          |
|--------------------------|--------------------------|
| Yes                      | No                       |
| <input type="checkbox"/> | <input type="checkbox"/> |

If yes, please explain:

3. How difficult was it to understand and apply the accessibility information provided by the API?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Very easy; 5 = Very difficult

4. How useful did you find the accessibility information provided by the API?

|            |                          |                          |                          |                          |                          |
|------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Response   | 1                        | 2                        | 3                        | 4                        | 5                        |
| Select one | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

1 = Not useful; 5 = Very useful

5. Were there any accessibility suggestions or nudges that you chose not to follow? If so, briefly explain why.

## Section D: Post-Study Debriefing

*Answer after both tasks are complete. There are no right or wrong answers; the aim is to understand your approach and how the API design affected your decisions.*

1. Looking back, what were the main differences you noticed between your experience of Task 1 and Task 2?

---

---

2. Did the design or structure of either API influence any implementation decisions you made? Please give an example if possible.

---

---

3. Which parts of the accessibility information or nudges were most useful, if any? Were any unclear, unnecessary or distracting?

---

---

4. Did the accessibility information influence decisions beyond the specific fields or controls it directly referred to? If so, how?

---

---

5. Which task or API condition did you prefer working with, and why?

---

---

6. Is there anything else about the tasks, the API responses, the accessibility information, or the study process that you would like to comment on?

---

---

---

**Thank you for taking part in the study.**
